## Club Basket Contest

### Everyone is a Winner

The Basket Competition was a huge success for everyone at the 2007 EPSC Winterfest and Silent Auction. A big thank you goes to all the clubs who participated with one or more baskets that were auctioned off to the highest bidder. Without you - there would have been no contest. Another big thank you goes to the ski areas that donated the prizes for the winners; Killington Ski Resort for a 5 day mid-week stay/ski package, Bear Creek Ski Resort for a Ski and Spa package and

(Continued on Page 4)

## President's Picnic 2008

The Presidents' Picnic will be held on August 5th this year. It will be at Buckman's Ski Shops' headquarters in Pottstown, PA. I will be sending out an email to all of the presidents to remind you of the date and one with a formal invitation. At that invitation, I will need to know who will be attending and what food you will be bringing. The Council supplies the drinks. I will also be handing out the tickets for our EPSC Fall Auction Fund Raiser.

Please send me an email if you have just been elected president of your club since I will only have the list from last year's directory and you may not be the person who receives my email. In addition, if you do receive the email by mistake, please forward this to the current president.

(Continued on Page 4)

## EPSC Winter Carnivals Past-Present-Future

The EPSC Winter Carnival has grown in size and popularity with our clubs over the recent years. The first Winter Carnival at Mount Snow in 1993 was just the beginning of what we see today. Those early carnivals were an annual two-day weekend at Mount Snow. The carnival trip soon evolved into two or three-day trips at other eastern ski areas.

Adding a western trip to the agenda on alternate years was introduced in 2002. Forty club members went to Heavenly Ski Area in Lake Tahoe, California that year. In 2010 that number could top the 500 mark on the Winter Carnival's return to Heavenly. (See sneak preview on this trip on page 10.).

The 2008 Winter Carnival was held at Breckenridge Ski Resort in Colorado-

Pennsylvania Center for Adapted Sports receives Basket Contest donation

# President's Message Spring 2008

Spring is such a mixed time of year. It's a beginning and an end. The flowers and trees are full of color marking the start of warm weather and at the same time the ski season melts before our eyes. So, too, goes the year's history of our Council.

Last summer the EPSC and the National Ski Patrol lost two dedicated members. Over their many years of service, Don DeMuzio and Bill van Ingen were very involved with the Eastern Region of the NSP. A personal friend through skiing and sailing, Don was the patrol director at Sharp Mountain and Heidelberg/Blue Marsh ski areas, a professional patroller at Blue Mountain. He received a NSP national appointment and had served as the central section chief of Eastern PA. Bill enlisted in the Army's famed 10th Mountain Division, was a director of the U.S. Eastern Amateur Ski Association, served as a patroller for NSP and was elected financial advisor for the Eastern PA Region. Bill was also involved with, and inducted to, the *Pennsylvania Ski and Winter Sports Museum and Hall of Fame*. Both of these men helped make the local ski industry what it is today. Like the melting snow, they will be missed yet fondly remembered.

There were two newspaper articles that put the EPSC in the limelight. On Sunday, January 27<sup>th</sup>, the Philadelphia Inquirer covered ski trips through local clubs. The Blazers, King of Prussia, Upper Bucks and North Penn ski clubs received nice write ups about some of their trips. Their web sites and the Council's were listed for all of the Delaware Valley to see! After our Winter meeting, Ted Heck wrote an article for the Sunday Patriot-News (Feb. 3<sup>rd</sup>) detailing the day's skiing and the evening's meeting at Bear Creek Mountain Resort.

Other notable activities were the Winterfest and the ever popular voucher program. The Winterfest, and all the volunteers who make it happen, is what carries the EPSC financially through the year. Without these dedicated people making this event a success, the EPSC would not exist. Please support Nanci Burkey and her team as they prepare for

## EASTERN PA SKI COUNCIL

9<sup>th</sup> Annual 2008 EPSC Winterfest –  
Silent / Live Auction Fund Raiser Event

**When:** Friday, November 14, 2008 - 7:00 pm – 10:00 pm.

**Where:** Williamson's Restaurant, 500 Blair Mill Road,  
(Rte. 611 & Blair Mill Road), Horsham, PA 19044

Conveniently located 1/2 mile North of Willow Grove Exit of Pennsylvania Turnpike.

Join us again for our 9<sup>th</sup> annual Winterfest! Last year was a huge success due to the generous support from our generous donors, sponsors and participants. We donated to the ASIA Program, Eastern PA Region National Ski Patrol, and Center for Adapted Sports Ski Program as well as support numerous EPSC programs and events.

**LOOKING FOR VOLUNTEERS, SPONSORS AND DONATIONS!!**

Check our website [www.easternpascouncil.org](http://www.easternpascouncil.org) for updated information and 2008 Sponsor and Donations forms and Club Basket contest information. Email us questions at: [EPSC\\_Auction@yahoo.com](mailto:EPSC_Auction@yahoo.com).

**We look forward to seeing you on November 14, 2008.**

**Event Proceeds Benefit EPSC Sponsored Programs and Charities**

## EPSC Fall Fest Auction Tickets

Tickets for the fall auction will be handed out at the Presidents' Picnic on Aug. 5<sup>th</sup> this year. If you are a president and can not make the picnic and have no representative available, you can contact Maddi Dondore by email or phone to receive your tickets. [Mdskis123@epix.net](mailto:Mdskis123@epix.net), 610-926-3805, 610-223-6494.

If your club received tickets in the past and did not return the unsold tickets to the committee, you will not receive tickets unless you contact Maddi and request tickets.

All tickets must be returned prior to the event in November to clear your account. A self addressed, postage paid envelope will be included in the packet given to the president of your club. This should be used to send the remaining tickets back to the

chairperson in charge of tickets. For the purpose of auditing this function we need an accurate accounting of the tickets sold. Please return unsold ticket timely.

Last year, many presidents sent the ticket money and the registration form including the number of the ticket to Maddi prior to the auction. This pre-registration made the line at the door, on the night of the event, go faster. She is requesting that clubs do the same thing again but have every club get the majority of the forms to her prior to the event. People will not have to fill out forms at the door and will have more time to peruse the items in the auction hall.

Thank you in advance for this pre-registration so things can go even smoother this year.

## President's Message

(Continued from Page 1)

the 2008 Winterfest at Williamsons on November 14<sup>th</sup>. As for the voucher program, look for some changes in the coming season. Due to some abuses of the program, Ken will be enacting some new guidelines. In order for this member benefit to continue, we must make the use of these vouchers more secure.

The Council Cup almost didn't happen. No, it wasn't due to another electrical failure, but personal commitments. Luckily Todd Loeper, of the Flying Dutchmen, jumped in with both feet to head an experienced team of helpers! With sunny weather and a good showing of racers the Council Cup continued as another fun event for our members. To say the least, this year's Winter Carnival at Breckenridge, Co., had its fair share of fun! A record setting 461 members enjoyed the slopes and the historic mining town. For 2009, the EPSC will take its Carnival to Killington from January 28<sup>th</sup> - February 1<sup>st</sup>.

So as we watch the ski season fade away, we look forward to the new growth and ideas to keep the EPSC a strong bond amongst our clubs. Have a great summer and I hope to see you at the Fall meeting!

*Bob Smith*  
President, EPSC

---

## Carnivals in Review

(Continued from Page 1)

what a blast for the 461 participants from 15 clubs. (See this trip's write-up and pictures on page 8).

Winter Carnival 2009 moves back to the east coast; Killington Ski Area will be hosting the event January 28-February 1, 2009. (Trip details and itinerary are on page 5.)

All EPSC clubs and their members are welcome to participate in the EPSC Carnivals. Please visit the articles relating to the recent past, present, future EPSC Winter Carnivals that are sponsored by council as a benefit of your membership. When you see the value and fun available for a ski experience to surpass none other, with 500 of your closest ski friends, we know we will see you at Killington in 2009.

## Basket Contest Success

(Continued from Page 1)

Camelback Ski Area for four anytime lift tickets, going to the first, second, and third place winners, respectively. And the biggest thank you goes to everyone who bid on these lovely baskets that ranged from a golf basket full of rounds of golf and apparel to a six pack of home made brew.

Most importantly, we were able to donate over \$700.00 to the Center for Adapted Sports in support of their adaptive ski program at Camelback. The club basket competition is on again this year at the 2008 Winterfest and Silent Auction and we anticipate that the donation will be larger this year.

Yes, the contest is back, with a few modifications. Last year was the learning curve year; let the clubs use their imagination and go from there-no limits-no rules. This year we are going to implement a couple of guide lines:

1. There will be three monetary value categories:

\$50.00 to \$150.00

\$151.00 - \$300.00

\$301.00 to \$500.00

No basket can have a value of more than \$500.00

There will be a prize for the club that donates the top money maker basket in each category.

2. Each club can enter only one basket in each category, they do not have to enter a basket in all three—it is your choice.

3. You must register your clubs entry at least one week prior to the auction.

That is it—let your imagination run wild—get your basket team working on your entries as soon as possible. Hand outs will be available at the President's Picnic with the contests' guidelines and registration information.

In case you didn't hear, King of Prussia Ski Club walked away with that Killington trip with their Golf Basket, Bucks Mount Ski and Snowboard Club went home with the Bear Creek package for their Basket of Adult Beverages and Snacks, and Buck Ridge Ski Club's "a little bit of Vermont and Pennsylvania" netted them the Camelback tickets. Each of these clubs could then, in turn, use these prizes to earn money for their own clubs as they saw fit. Think about it - everyone wins with this one: the Council, the Clubs and the adaptive skier!

## Presidents' Picnic

(Continued from Page 1)

Many ideas were discussed at last year's picnic and it was a good place to get together and meet other presidents as well as exchange a wealth of information. Hope to see you there

You can reach me at mdskis123@epix.net or 610.926.3805 - home, 610.223.6494 - cell.

Hope to hear from you in the future and see you at the picnic.

## Winterfest 2007 - Great Success

by Mary Ann Thomas

It just keeps getting better every year and if you missed it, you missed a lot! Over 170 folks participated in the annual event and all continue to sing its praises. Many come year after year to bid on a package that's just right for the perfect ski vacation; others look for bargains in other ways and of course, there's always lots of great door prizes and food for all. This year's basket contest was a huge success. Leave it to the clubs to come up with a Golf Basket, Booze and Bar Basket, Wegman's Wonderfest, Gourmet Coffee, Dinner and a Move and lots lots more.

Each year is just a little bit different. You just never know exactly what will draw your attention. Some bid on the tickets to Jackson Hole, Sugarloaf, Sugarbush, Hunter, Okemo, Liberty Mountain Resort. Many were interested in K2 skis or the Salt Lake super passes for Alta, Brighton, Snowbird, or Solitude. The jackets, fleeces, gift certificates, and the limo ride, all drew attention in the silent auction.

John Lotz with Buckman's' Ski Shops once again did a fabulous job on the live auction and folks walked away with trips to Big Sky, Park City, Liberty Mountain, Steamboat, Alyeska, Panorama Mountain Village, great skis, season passes and lots, lots more.

The success of the Winterfest and Silent Auction this year made it possible for Council to once again support other ski related organizations in our area. A \$500.00 donation was made to both the

(Continued on Page 6)

# Council Cup 2008

Big kudos to Todd Loeper from the Flying Dutchmen Ski Club for making the race happen this year. Todd was asked in January to run the race after no arrangements had been made to that point. He and his committee consisting of Pete Ryan, Ken Foster, Betsey Galli and Maddi Dondore managed to make the 49<sup>th</sup> Annual EPSC Council Cup Race a great success. A big thank to Todd and his crew for a job well done.

The Eastern PA Ski Council would also like to thank all of the sponsors and Blue Mountain Ski Area for a very successful Race Day that was held on Sunday, February 24<sup>th</sup>.

A big thank you goes to the following:

Blue Mountain Ski Area for helping us with a great race course, good food and the best weather we could possibly want.

Buckman's Ski Shop and Pinnacle Sports for the great bibs.

Buckman's Ski Shop for gift certificates used as doorprizes

Pinnacle Sports and Ray Panella's for merchandise used for doorprizes

Wilmington Ski Club for Iron Hill Brewery gift certificate

Dave DeCamp for making a return debut as MC

Dave Weigle for the photography on the hill. Catch his link on the webpage to see your race moves in action.

A special thanks to our webmaster Frank Dulin who immediately posted information on the website about the race as soon as he received it.

# EPSC intra-club Directory

For years the council has published a club directory to be used by the club officers and the council board and committee members as a communication tool. Gathering the correct information is a feat within itself. Often the information sent is incorrect. If it is received handwritten the interpretation might be wrong. And then a month or two after it is submitted there is a change; someone moves, they change their email address, they step down from a position and it is now filled by someone else. Usually, by the time the directory is printed it is out of date.

Our Webmaster, Frank Dulin has set up an online directory for the convenience of the clubs to up-date their club and officer information at anytime. It is very easy to use. Go to the EPSC home page-you will see in a red box, the fourth sub-box says on-line NEW Ski Club Directory. Click on Directory. You will see all the clubs listed with the date the information was last updated and with club's website, if applicable. Click on your club and you will go to a detail view form that lists all of last year's officer information and your club's address and meeting information. It will be very easy for your club secretary or membership chair to up-date the information for the current year. No forms to print and mail. Just click, type in the information, click save changes and you are done. If something changes you just go back in and update your information.

The suggestion of having the directory online was made at last years fall meeting. There was no feed back received for or against the idea so Frank went to work and created this up-datable directory and populated it with the information in the 2007-2008 directory. He announced at the Winter meeting that the directory was online asking for the clubs to check it out. Again, no feed back was received about the form or this information being on the website. If your club or its officers have any questions or suggestions about the online directory, please contact Frank Dulin at [fdul@ccil.org](mailto:fdul@ccil.org) or Lydia Hill at [lydiah@apparelbusiness.com](mailto:lydiah@apparelbusiness.com).

The Corresponding Secretary has volunteered to take over the task of having a printed directory available for the fall

# Lift Ticket Program

The EPSC Lift Ticket Program had a high volume of sales again this past season; the returns and credits were also at high volume:

Vouchers sold	\$67,210.00
Voucher refunds	13,355.00
Voucher credits	4,233.50
Actual vouchers sold	\$49,621.50

The total vouchers sold/used is great, it shows our members are getting a real money savings benefit from this program. But, the number of vouchers returned is unacceptable.

I enjoy administrating the program, but the program must be 'tweaked' to continue. For example, all orders must be submitted on the form provided and include a self-addressed stamped envelope. Emails and telephone calls will continue to be accepted but must be followed up with an order forms and a self-addressed stamped envelope.

It is important to remember that this program is intended for EPSC members ONLY. If your co-worker wants you to purchase vouchers for him/her and family members, tell them to join your ski club. The cost of membership is usually less than the savings on the vouchers. Proof of an EPSC ski club membership may be a requirement at the ticket window when you redeem your voucher.

I will be in touch with the mountains in the fall for prices. Further information concerning the lift ticket program for the 2008-2009 season will be published in Fall/Winter issue of Snow Drifts and on the EPSC website as soon as we get the information.

*Ken Foster*

Lift Ticket Chairman

2008 dinner meeting. Your club will be contacted regarding how this information is to be submitted if your president/club rep did not receive something at the spring dinner meeting. If you fill the information out for the online directory you can just send the secretary an email that the information is current online and can be used for the printed directory. Make sure you change the date to reflect the date you updated the information, this the best way for anyone to know that the information show is current.

# Winterfest 2007

# Keystone Council Cup December 10-14, 2008

Here is a great opportunity for our eastern racers to show the west and mid-west who dominate on the slopes. You don't even have to be a dyed-in-the-wool racer to participate. You race for yourself as well as your council. You can't beat that for getting in some prime time in the gates. Start planning now. Put a group together or head on out by yourself, you are in for a treat either way.

# Killington, Vermont

## 2009 EPSC Winter Carnival

Killington Ski Resort will host the 2009 Eastern Pennsylvania Ski Council's Winter Carnival—January 28 - February 1, 2009. Clubs can elect to have a Wednesday or Thursday arrival with a Sunday departure.

Killington Ski Resort located in central Vermont stretches across seven mountain peaks, including Pico Mountain, and features access to 200 trails and 33 lifts with one lift ticket. Killington features the highest lift-served skiing and riding in Vermont from the 4,241-foot summit of Killington Peak via the heated K-1 Express Gondola. Killington averages 250 inches of natural snow each winter complemented by the world's most extensive snowmaking system covering 814 of 1,215 skiable acres. In fact, Killington Resort has more snowmaking coverage than most eastern resorts have in total skiable terrain and guarantees remarkable conditions from mid-November through early May.

Killington is the largest resort in the Northeast and is known for its diversity of terrain and network of lifts—including three heated gondolas—delivering skiers and riders of all ability levels to groomed wide-open cruisers, classic narrow New England trails, moguls, steeps, and 16 tree skiing areas. Killington offers multiple terrain features for snowboarders and freeskiers including Bear Mountain's signature terrain parks and 430-foot long Superpipe with 18-foot walls.

Killington's combined snowmaking and grooming firepower is superior to any other resort in the United States. With almost 100 miles of snowmaking pipe, 1,850 snow guns and 20 snowcats

grooming 45+ miles of terrain on a nightly basis, Killington offers consistent top-to-bottom, wall-to-wall corduroy daily on a variety of trails from wide open cruisers such as Needle's Eye and Skyeburst, to steep carving terrain on Double Dipper and Cascade.

With the K-1 Lodge located at 2,500 feet above sea level, Killington's elevation advantage equals more natural snow and optimal temperatures to produce machine-made snow from October through late April. Combined with the K-1 Gondola, Killington offers more terrain, especially expert trails and terrain parks than any other eastern resort during early and late season!

### Lodging Information

The Killington Grand Resort Hotel and Conference Center will serve as the EPSC Winter Carnival headquarters. Race registration, Friday night welcome party and Saturday awards dinner will take place at the Killington Grand Hotel. Each club will be making lodging arrangements based on the needs and desires of their club. Please contact individual trip leaders for each club to get detailed packages. The following lodging properties may be used by EPSC clubs:

- Killington Grand Resort Hotel and Conference Center
- The Inn of the Six Mountains
- The Mountain Inn
- North Star Lodge
- Chalet Killington
- Pinnacle Condominiums
- Sunrise Village Condominiums
- Trail Creek Condominiums

### Tentative Itinerary

#### Wednesday, January 28, 2009

5:30 PM - Check in and registration for clubs arriving early

#### Thursday, January 29, 2009

9:00 AM - Chairlifts open for clubs arriving Wednesday evening, ski Killington & Pico

5:30 PM - Check in and registration

#### Friday, January 30, 2009

9:00 AM - Ski Killington & Pico

2:00 PM - Ski race gate training location TBD

5:00 PM - Ski race registration, Killington Grand Hotel

6:30 PM - EPSC Welcome Party, Killington Grand Hotel

#### Saturday, January 31, 2009

8:00 AM - Ski Killington & Pico

10:00 AM - EPSC Winter Carnival ski races...location TBD

6:00 PM - EPSC Gala cocktail party, Killington Grand Hotel

7:00 PM - Dinner and award banquet followed by dancing

#### Sunday, February 1, 2009

8:00 AM - Ski Killington & Pico

10:30 AM - Lodging check out and departures throughout the day

Many clubs have already blocked space and are preparing their final package pricing to be offered to their members soon. Some clubs have said that they have already nearly booked all the spaces they blocked with early sign ups. That is a good sign that we should have another great Carnival this year. Contact your club's trip leader ASAP if you want to participate.

EPSC will be running a Melting Pot bus again this year for people from clubs who may not be participating and for

# Breckenridge Winter Carnival 2008

By Dave Schoneker

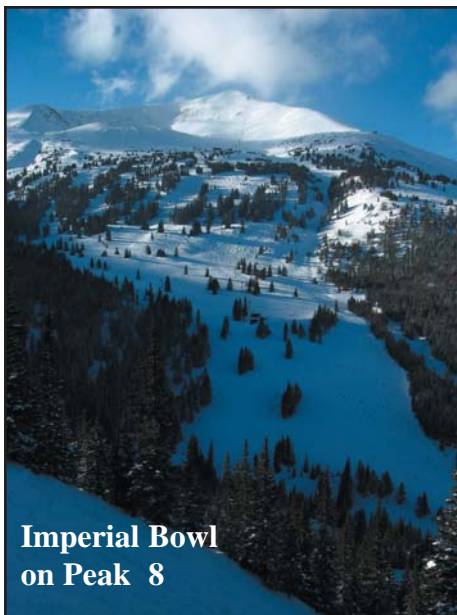

On January 19, 2008, members of 15 EPSC Ski Clubs arrived in Breckenridge for the largest Winter Carnival in EPSC history. 461 people participated in what many said was the best Winter Carnival we have had yet. Moving this many people halfway across the country on the same day from various Pennsylvania and New Jersey airports was a feat of coordination.

JoAnn Pieretti of JP Tours is to be thanked for a great job in getting everyone to Breckenridge and for coordinating all the travel plans for such a large group of people. As is normal with the airlines today, a few clubs did have a few snags and delays, but everyone eventually got there.

What a view!

As clubs arrived they went to a Welcome Party at the Village Hotel banquet complex where everyone got to meet

Imperial Bowl on Peak 8

friends (new and old) from other clubs and to begin talking about the ski week to come. Breckenridge had received significant snow right before we arrived so everyone was excited to hit the slopes the following day.

Each participant received credentials to use throughout the week for entrance to

the many planned activities. A wide selection of Fleece Vests were available for purchase at the Welcome Party and throughout the week which had really nice embroidery on front and back to commemorate this year's Breckenridge Carnival. A number of these vests are still available in various sizes and colors if you would like to purchase one at a discounted

What a view!

price. Contact Dave Schoneker at Dschoneker@aol.com or 215-822-2129 if you would like one.

The first day turned out to be a great ski day. The weather was a mix of sunshine and clouds and the snow was great! It was all smiles as people returned to the base area at the end of the day. What a great way to start off the week. After skiing, many people toured around town to check out the Victorian architecture that Breckenridge is famous for and to find a nice restaurant. The selection of cuisine in Breckenridge is limitless. There was something for everyone.

On Monday, over half of the entire group traveled to Keystone on Charter buses to check out the Outback glades and other great trails. It was nice and sunny most of the day, although a bit windy at times. Many people took pictures at the top of the Outback with the slopes of Breckenridge in the background. Although the snow was not quite as good at Keystone as it was at Breckenridge, there was still plenty to play with. We all returned from Keystone to get ready for the big Get Acquainted Banquet which was held in the Ballroom at the Beaver Run Resort.

This year's banquet theme was "Pirates

of the Caribbean" and some people really went crazy with their costumes. At least half of the people at the banquet had great Pirate costumes or adornments. Some costumes were absolutely amazing and some people improvised by coming up with Pirate gear using boxes as ships and other items found in the banquet room as hats, etc.. There was even a crazy Pirate with an elaborate costume who came out of the men's room at the beginning of the banquet with parrots on his shoulder and a full Pirate suit (with eye patch, swords, signs, etc.) and never left character all night long. To this day, no one seems to know who he was and which club he was with. Who knows.....maybe he was a local party crasher!

After a great buffet dinner, our hosts from Breckenridge along with the representatives from Steamboat and Heavenly who had booths at the banquet served as judges and rated all the pirate costumes to find the best male and female costumes as well as the best overall club costumes. It was a hard fought competition but winners were finally chosen. Everyone had a great time at the banquet and it will be tough to top the Pirate theme at future banquets.

The Winners

On Tuesday, some people participated in the Vertical Challenge to try to cover the entire mountain at Breck in a day for prizes. In the afternoon, there was free

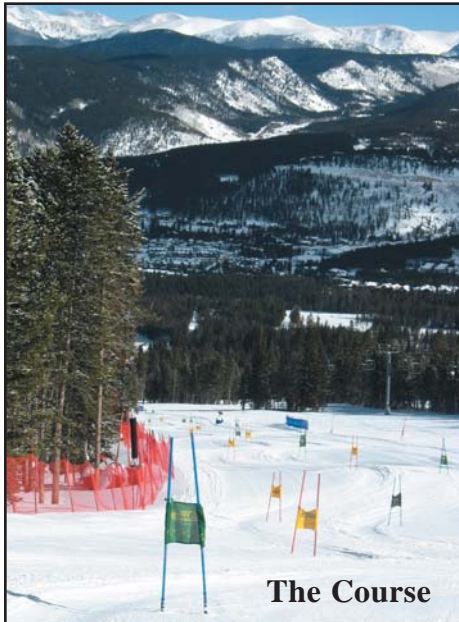

(Continued on Page 7)

# Breckenridge 2008

(Continued from Page 6)

race training on the Sundown Trail race course on Peak #9 to help people hone their skills at the gates for the Carnival Race to be held the following day. We also used this opportunity to convince new racers that they really should give it a try! After skiing, Race Registration was held in the Maggie Bar at the base where lots of teams were formed on the spot so that each club had some representation wherever possible. Many clubs had multiple teams.

The 2008 Winter Carnival race was another success! Breckenridge's Race Department laid out a really nice course that had everyone smiling at the finish.

**The Course**

The attending clubs put together 25 teams with a total of 150 racers. A really neat statistic, showing the quality of EPSC skiers, is that 144 racers received a NASTAR medal! As for the team finishes, first was the Flying Dutchmen 1 with a time of 192.38. Second was Merck 5 with a time of 211.34. Finishing a very close third was Merck 3 with a time of 211.39. The fastest male and female racers were both from the Flying Dutchmen. Taking the total time of their two runs, Alison Cramer had a time of 48.81 and Bob Smith's was 44.67. Congratulations to the winners and to all the racers for winning their NASTAR medals! As the 2009 Winter Carnival approaches, we look forward to another fun race at Killington, VT!

**Racer/Rider Ready....Go**

The Carnival Race was followed by an On-Mountain lunch at the Vista Haus where we had more tacos and fixins than we could eat. Each club had certain times scheduled for their lunch at the Vista Haus so the facility was not overcrowded. This worked well and everyone had a place to sit and eat when their time came.

All week the weather and snow at Breckenridge was great, but we didn't know the meaning of these words until over half the group traveled to Vail on Thursday on Charter buses. OH MY GOD! The sunshine and snow at Vail was awesome! Many of us spent the entire day in the back bowls playing in deep powder and soaking up the sun. It truly was fantastic. For those who had not been to Vail before, they now understand why Vail has the reputation it does. WOW, what a great day it was!

Upon return to Breck from Vail, a number of us participated in the Scrub Haul that evening which involved forming teams who then followed difficult clues to go to various restaurants and bars in town and get something innovative from each location to prove they were there. Of course, we all took a little time to make sure we had a drink at each establishment as long as we were there.

**The Generals! - Leaders of another successful EPSC Carnival**

The teams then got back together at the starting point in a bar at the Village Hotel and turned in our proofs to see which team got the most clues right and had the most interesting proofs. It was a fun time and we all got to see many places all over town and meet a lot of neat people.

Most of us finished the Carnival week skiing at Breckenridge on Friday. It was another great day with lots of sunshine and super snow. There were several snow storms during the week in the evenings and a few during the day that kept conditions tip top all week.

On Friday night, to finish a great week, we had a Desert Reception and Awards Ceremony in the Village Hotel banquet complex which was a big hit. There were many tasty treats along with coffee and a cash bar that kept people happy. Race awards were given out along with a number of door prizes and the 50/50 cash awards. After the awards ceremony, we danced the night away to a great DJ until things finally wound down about midnight. Although the DJ stayed late to play a few extra songs, some people wanted him to keep going even longer. Some people didn't want the week to end even though they had to get up early to head to the airport the following day.

Overall, the plans we made for this year's Carnival worked very well and there were very few people who had anything to say but good things about the coordination and events and that's pretty amazing considering we had such a large crowd. Thanks must be given to JoAnn Pieretti from JP Tours and Jill Canning from Vail Resorts who worked extremely hard to make sure that our 2008 EPSC Winter Carnival was the best ever! Now it's time to begin thinking about the 2009 Winter Carnival to Killington.

# It's all about Vail-MTS 2008

This year's Mountain Travel Symposium was held at Vail, CO, during the week of April 7-13. The phrase "It's all about Vail" was heard throughout the week and was applied to the highest degree!

Yes there was skiing, although quite a bit of the Back Bowls and several of the on-mountain lodges were closed due to the lack of employees having current visas. The weather was mid-winter which included LOTS of fresh powder (over 30 inches in four days!), LOTS of wind and two days of sunshine.

Throughout the week the travel industry hosted several social functions keeping our schedule tight and busy! It all started on Tuesday evening with the town of Vail presenting "Vail 365". It was an outdoor gala in the streets of Lionshead with food and beverage vendors, live music, jugglers, acrobats and culminating with fireworks. The event focused on the 365 days of Vail activities! As the week progressed, the Alps, Ski.com and Vail Resorts all held events where we could mingle with their company representatives and with the other 141 ski club/ski council members from around the country.

The EPSC had a good showing of clubs represented. The Blazers, Boeing, Flying Dutchmen, King of Prussia, Lancaster, South Jersey and Susquehanna all had club officers at their respective booths greeting travel industry representatives on Thursday afternoon and all day Friday. Not that every day is a work day at MTS, Friday is out right hectic! From 9:00 AM to 5:30 PM, every ten minutes

another industry representative comes to your booth to sell his or her resort, ski rental, alternative ski activity or apres ski event. It is agreed by all attendees, that it is a brain frying day! In the case of the EPSC, it is where we start looking at

future Carnivals. This year the focus was on 2011 and 2012. That surprises all the reps to the EPSC booth, since almost all of the other club/council members are there planning for 2010!

Saturday we literally drug ourselves out onto the snow. It would be our last day of skiing, and Vail's next-to-last day, of the season. To say the least, it was an early end to the day! Between the new powder in the morning burning up what was left of our thighs and still being mentally tired from the previous two days, it was time to go shopping for the folks back home. Since Colorado Mountain Express was picking most of us up at 5:30 AM, it was an early to bed, too!

If you haven't sent a club officer to MTS, you should really consider it for 2009. Keystone will be the location and your club will benefit greatly from having

someone being one on one with so many industry representatives. Please contact either Dave Schoneker or myself for information about next year's MTS where it'll be "...all about Keystone!"

*Bob Smith*

## 2010 EPSC Winter Carnival Heavenly - Lake Tahoe January 23 - 30, 2010

By Dave Schoneker

EPSC has selected Heavenly Mountain Resort for the 2010 EPSC Winter Carnival. The Council feels that Heavenly will be a fantastic location for the next Western Carnival. After having 461 people participate in the 2008 Carnival to Breckenridge, we hope to break that record in 2010 and get over 500 people.

Heavenly Mountain Resort is situated in the lovely Lake Tahoe area. The resort sits over the California/Nevada line. You can ski in California in the morning and Nevada in the afternoon. The resort town of South Lake Tahoe is not only a ski town but also a town with plenty of night life. It has Casinos that allow for premier shows as well as gambling into the early morning hours.

With 4,800 acres, Heavenly is one of North America's largest mountains. At over 10,000 feet, it is Tahoe's highest. The 3,500 foot vertical is unmatched on the West Coast. The average annual snowfall is a formidable 360 inches. And just in case that's not enough for you, the resort has one of the largest snowmaking systems on the continent covering 70% of the mountain.

Let's talk terrain. Put simply, Heavenly has it all, from breezy blue squares to hair-raising black diamonds. There's no better tree skiing on earth. And experts will have a field day at Mott and Killebrew canyons. This is what other mountains want to be when they grow up. This is Heavenly.

A truly epic ski vacation isn't just about skiing. Enter Lake Tahoe. Where wildlife meets the wild life. Hot springs. Spas. Sleigh rides. Lake cruises. Restaurants. Shopping. Nightlife.

Tucked between the towering mountains and the pristine lake, Heavenly Village is filled with eclectic shops, exotic restaurants, live music and deluxe accommodations. And when you feel the urge to get back on the mountain, just catch the high-speed gondola right outside your door.

Don't ski or ride? Have no fear, Lake

(Continued on Page 11)

## EPSC Lean to Ski & Race Clinic Programs

The ASIA instructors were out again in full force to give free ski lessons to members of EPSC clubs at Spring Mountain. The program, held on five to six Monday evening starting in early January, is always a success, even in sparse snow conditions. A complete recap of this year's program will be in the fall Snow Drifts as well as information for 2009.

The Council's race clinic, also held on Monday nights at Spring Mountain did not happen as timely as the lean to ski lessons. Do to the lack of snow, both natural and man made on the far side of the mountain where the clinic is held, the gates were not set up until late January. Those who came out to run the gates benefited greatly from the expert advice of the club volunteers who man this program. Look for details on the 2009 race clinic in the fall Snow Drifts.

[ editor's note: Frank Cressman did give us an article on the race clinic for this past year and I lost it - to Frank I apologize.]

---

## Ski Trip Listings

Many of the clubs have already planned their destinations, signed the contracts and are selling their trips. The goal of all trip planners and leaders is to sell your trip out as soon as possible. Sometimes that is not in the cards and come fall you have spots to sell. Snow Drifts trip listings have connected many a skier with a club trip-the skier gets to go where they want to go and the club fills all their spots. But that connection cannot be made unless you have your trips listed in Snow Drifts.

An even quicker way to get your trips out in the public's eye is to start listing your trips on line in the EPSC website listing. Go to the council's website home page, click on the red box that say on-line Trip Submit Form Post your Club Trips Here. Click on the bar that reads: View, Post or Edit Ski Trips. Now click on the ADD NEW bar. Fill in the blanks save and your trips is listed. Note the drop down menus for the length of trip, days of the trip, code variations (or fill in your own) and even one for the clubs. You can add

(Continued on Page 12)

## Recruiting Snow Drifts Staff

The yearly ritual begins again - I need help. Below are the positions that have openings - please don't hesitate to volunteer, but don't volunteer if you cannot keep that commitment.

### News/Copy Editor

Last year Andrea Laine who took on the task of News/Copy editor and was a tremendous help. Unfortunately, personal commitments preclude a second term. So, once again I am looking for someone to help with getting and editing the articles for Snow Drifts. I will be available to help get that individual set up with lists and contacts. Follow up for timely submission will be an important part of the job. Writing articles is not necessary, but could be helpful. Anyone who is interested in helping, or knows someone in your club who might be a good fit, please have them contact Lydia Hill at [lydiah@apparelbusiness.com](mailto:lydiah@apparelbusiness.com) or at 610-592-0880 ext 7101.

### Graphic Design for Club Ads

Looking for anyone who has graphic experience who would like to help some of the clubs set up their club ad for Snow Drifts. If you enjoy designing cards or other projects on your computer this could be the summer job you always wanted. Please give Lydia a call. All help will be appreciated.

### Distribution

Distribution person needed for fall 2008 Snow Drifts. Main function is to distribute Snow Drifts at the fall dinner meeting to the clubs, then distributing to area ski shops, especially the ones who advertise in Snow Drifts. Suggestions and ideas on best practices to accomplish the distributions timely and efficiently will be available for the volunteer who signs on early. Contact Lydia if you can take on this task.

### Advertising

Still looking for an advertising assistant. Anyone who likes to interact with members of the ski industry will love this job. It involves contacting and following up with getting ad commitment. Again, if you are interested in helping, please contact Lydia.

## Killington in 2009

(Continued from Page 5)

overflow for the clubs who sell out their space early. Details of the EPSC Melting Pot trip are currently being finalized and will be available soon on the EPSC web site. The Melting Pot group will probably be staying at the North Star Lodge.

If you have any questions about next year's EPSC Winter Carnival at Killington or you would like to sign up for the EPSC Melting Pot trip, please contact Dave Schoneker ([Dschoneker@aol.com](mailto:Dschoneker@aol.com) / 215-822-2129) or Bob Smith ([rlsskis@epix.net](mailto:rlsskis@epix.net) / 610-670-8553).

*Dave Schoneker*

EPSC Carnival Trip Chairperson

---

## Heavenly in 2010

(Continued from Page 10)

Tahoe provides plenty of fun things to keep you busy, like cross-country skiing, a state-of-the-art movie theater, video arcades, bowling alleys, snowshoeing, snowmobiling, sightseeing and tubing.

The week will consist of the normal Winter Carnival activities along with optional trips to Kirkwood Ski Resort and Squaw Valley Ski Resort with the return by way of the famous Tahoe Queen paddlewheel boat across the Lake. The Tahoe Queen trip is magnificent. You can eat and drink on board while watching the sun set over the mountains and dancing up a storm.

EPSC clubs can choose lodging packages at one of the following properties:

Harvey's Lake Tahoe Resort Casino  
Lakeland Village  
Forrest Suites Resort  
Embassy Suites  
Horizon Hotel and Casino

A Trip Leader FAM trip is being planned for March 2009 where club representatives will be able to check out the various properties and select the one right for their own club. Trip package details and pricing will be sent out to all EPSC clubs in Fall 2008.

If you have questions related to the 2010 EPSC Winter Carnival, please contact Dave Schoneker ([Dschoneker@aol.com](mailto:Dschoneker@aol.com), 215-822-2129) or Bob Smith ([rlsskis@epix.net](mailto:rlsskis@epix.net), 610-670-8553).

## Ski Trip Listings

(Continued from age 6)

comments as well as attach your club flyer. Now that is pretty cool.

The information listed on the website will be retrieved and included in the fall Snow Drifts. If your club does not post its trips online, you are asked to email the trip information to Lydia Hill at [lydiah@apparelbusiess.com](mailto:lydiah@apparelbusiess.com). If you do not do email, you are asked to submit the information to Lydia at P.O. Box 65, Ambler, Pa. 19002. As always, the earlier the better makes for a happier editor.

## Club Promotional Ads

Each club will again be given ½ page of space in the fall Snow Drifts to promote their club. A copy of last year's ad will be emailed to each club's president in June requesting that the ad be updated and revised. Remember this is a way to show off your club to prospective new members who see it in this publication. It is your canvas to paint the best picture possible of your club. Start thinking about what you want to say and how the ad should look.

If you do not have someone in your club who can design your club's ad, be sure to respond early and we will see if we can get someone from another club to help you out. If you do not respond early you will get the old ad with updated information. If you do not respond at all you will get a one-column inch listing in the back of Snow Drifts

### Jack Kalasky Memorial Golf Tournament

Lancaster Ski Club has extended an invitation to all of the EPSC ski clubs to participate in a memorial golf tournament in honor of Jack Kalasky for his many contributions to LSC, ASIA, EPSC and Special Olympics.

The tournament is being held at the Four Seasons Golf Course in Landisville, Pennsylvania on Saturday, June 28, 2008. This will be a 12:30 PM shotgun start/four person scramble.

Registration form for this event is posted on the EPSC website home page. Deadline to register is June 21<sup>st</sup>.
